## WITH RELEVANT EXPERIENCE

Every course focuses on an essential area of Financial Planning and includes experience of an industry-level product.

## DESIGNED TO EQUIP YOU

Each course is designed to compliment and supplement your understanding of the current Financial Planning profession.

# HOW DOES IT BENEFIT YOU?

## KNOW THE ESSENTIALS = BE INDUSTRY READY

Keep these in mind:

Financial literacy is imperative because it equips you with the knowledge and skills you need to manage money effectively.

Acquired knowledge will demonstrate your business acumen and suitability to pursue a career in the profession.

## LEARN THE PRACTICAL = BE JOB READY

Keep this in mind:

Digital literacy is important to every role as we move from routine work to knowledge work.

An understanding of commonly used digital tools and platforms is very valuable - to leverage and differentiate your job application!

## GAIN UNIQUE EXPERIENCE

Practical training to prepare you for industry-level work.

Get a head-start in your professional development.

Be recognised for your learning and commitment to growth.

## STAND OUT FROM THE CROWD
